PROJECT TITLE: Water Canyon Road/ Trail Barricade

SUMMARY: Over the course of several afternoons volunteers from Nevada Outdoor School and other volunteers from Winnemucca worked to finish a barricade that ran between the road and the trail in the Water Canyon Recreation area. The barrier took several afternoons as digging in the area was made difficult due to the amount of rocks found in the soil there. It took a lot of work on the parts of several volunteers but the end result is certainly the one that was desired.
